

CITY OF HAYWARD
AGENDA REPORT

AGENDA DATE 06/10/03
AGENDA ITEM 3
WORK SESSION ITEM

TO: Mayor and City Council
FROM: Director of Public Works
SUBJECT: Pavement Slurry Seal 2003-04, Gas Tax and Measure B Pavement Rehabilitation 2003-04: Award of Contract

RECOMMENDATION:

It is recommended that the City Council adopt the attached resolutions that:

1. Award the Pavement Slurry Seal 2003-04 contract to American Asphalt Repair & Resurfacing Co, Inc., in the amount of \$53,219.86; and
2. Awards the Gas Tax and Measure B Pavement Rehabilitation 2003-04 contract to C.F. Archibald Paving, Inc., in the amount of \$1,584,374.75.

BACKGROUND:

On April 22, 2003, the City Council approved the plans and specifications and called for bids to be received on May 20, 2003.

These projects are a continuation of the City's ongoing program to slurry seal residential streets every six-to-seven years to extend the life of the street pavement and to rehabilitate other more heavily traveled streets. Street selection is based on priorities established through the City's Pavement Management Program (PMP). The streets proposed for slurry seal, pavement overlay, or deep-lift patching this year are identified in Exhibits A and B.

The selection of streets for rehabilitation is based on staff's analysis of the pavement condition indices identified through the City's computerized PMP, along with specific field examination, and the functional classification of each street. Pavement rehabilitation in this project consists of making deep-lift asphalt concrete spot repairs, and placing asphalt concrete overlay on the various streets.

For cost effectiveness, this year's work was bid as two separate contracts - one for slurry seal and one for the remaining pavement rehabilitation work.

Pavement Slurry Seal

On May 20, 2003, six bids were received for the slurry seal project. American Asphalt Repair & Resurfacing Company, Inc., of Hayward, submitted the low bid in the amount of \$53,219.86, which is 11.3 percent below the Engineer's Estimate of \$60,000. Bond Black Top, Inc., of Union City, submitted the second low bid in the amount of \$60,545.26, which is 0.9 percent above the Engineer's Estimate and \$7,325.40 more than the low bid. The bids ranged from \$53,219.86 to \$64,354.47.

Since the Engineer's estimated cost of construction is below \$100,000, the project was not subject to the City of Hayward Disadvantaged Business Enterprises (DBE) and Women-Owned Business Enterprises (WBE) Program. Therefore, staff recommends award of contract to the low bidder, American Asphalt Repair & Resurfacing Company, Inc.

Pavement Rehabilitation

On May 20, 2003, eleven bids were received for the pavement rehabilitation work. C.F. Archibald Paving Inc., of Redwood City submitted the low bid in the amount \$1,584,374.75, which is 13.9 percent below the Engineer's Estimate of \$1,840,000. Gallagher & Burk, Inc., of Oakland submitted the second low bid in the amount of \$1,590,364.00, which is 13.6 percent below the Engineer's Estimate and \$5,989.25 more than the low bid. The bids ranged from \$1,584,374.75 to \$2,663,501.55.

The combined Disadvantaged Business Enterprises (DBE) and Women Owned Business Enterprises (WBE) goal for this project was established at 8 percent. The low bidder, C.F. Archibald Paving, Inc., has listed DBE and WBE participation of 8 percent in its proposal, which meets the established goal. Therefore, staff recommends award of contract to the low bidder, C.F. Archibald Paving, Inc.

Since the contract provisions allow for increasing quantities by up to 15 percent, staff intends to take advantage of the low bid in order to add approximately \$250,000 in additional pavement rehabilitation that was originally planned for our next contract. Additional streets to be overlaid include Grand Street from A to D; Westfield Avenue from Western Boulevard to Grove Way; and, in the Fairway Park area, York Place and Potsdam, Payne, and Ithica Streets.

The estimated project costs are as follows:

Pavement Slurry Seal - Contract Construction	53,220
Pavement Rehabilitation - Contract Construction	1,584,375
Pavement Rehabilitation - Overlay Additional Streets	250,000
Detector Loops Replacement	25,000
Re-Striping (City Forces)	20,000
Crack Sealing (City Forces)	50,000
Design and Administration	50,000
Inspection and Testing	90,000
TOTAL	<hr/> 2,122,595

FUNDING:

The proposed 2003-04 Capitol Improvement Program includes \$1,550,000 in Gas Tax Funds and \$1,700,000 in the Measure B Funds for Pavement Slurry Seal and Pavement Rehabilitation. The approximate \$1,130,000 in 2003-04 Measure B Funds not expended for this project will be used for yet another Measure B Pavement Rehabilitation contract later in 2003-04.
